Re: Combining Files, Fantasy Land with Little Spot, S/027/024, Millard County, Utah

Dear Mr. Penney:

On July 17, 1998, we received a new notice of intention for your Fantasy Land Project located in Section 4, T25S, R8W, Millard County, Utah. We accepted this notice on August 14, 1998 and assigned it file number S/027/072.

You have since requested that this notice be combined with your Little Spot project (file number S/027/024). This letter is to acknowledge your request and inform you that we have now deleted the new file number S/027/072 for Fantasy Land from our records and have amended that notice to your Little Spot project. The permit fee has been received for the Little Spot/Africa/Tina's Web project.

By combining these projects, you are hereby advised that your total combined disturbance at these projects cannot exceed five acres at any time without first submitting and receiving approval for a large mining operation. Should you wish to expand your operation beyond the five (5) acre limitation, please notify this office as soon as possible to discuss the necessary permitting requirements. Approval of a large mining notice could take from six to twelve months or longer.

You also submitted another new notice (Pretty in Pink), file number S/027/073. The permit fee has not yet been received. That fee was due on October 30, 1998. Please submit the permit fee of \$100.00 for this new project immediately to avoid any enforcement action (copy of bill enclosed).

Thank you for your cooperation. If you have any questions regarding this letter, please contact me at (801) 538-5321.

Sincerely,

Tom Munson
Senior Reclamation Specialist
